

SRI VENKATESWARAA UNIVERSITY

College of Agriculture

ADMISSION TO BSc. (HONS) AGRICULTURE
2023-24 BATCH

Sri Venkateswaraa University is a multi-disciplinary Greenfield University incorporated under Tamil Nadu Private University Act 2019

The University aims to be recognised as a centre of academic and research excellence in the country and thereon to achieve international recognitions.

The University has its sprawling 100 Acres campus on **Madurai Thoothukudi Highway at Ettayapuram**, the birthplace of Subramanya Bharathi. The campus is earmarked for Agriculture Education and Research.

Agriculture sector provides food for 1.3 billion people in India as well as supports over 60 percent of the population for their livelihood and plays a crucial role in sustainable growth of the country's economy.

In India, the demand - supply figures of Agriculture Professionals are not meeting both ends. Many Agriculture graduates & professionals travel to European Countries and Israel for higher studies and migration thus created a dearth of Agri Professionals in the country.
