.

No

Always good

Excellent

Ok

Yes

Nothing to say

Nill

Very good

...

Teaching is very well

Can make it better

1.Taking to IV

No words to tell

Improve the soft skills

Explain with more examples

Over all good

Always good

Create smaller class groups for better attention

None

No idea

..

50

Teach well

Nil

Light tha puridthu

Organis iv

Very well

Nice and communicating well with students and giving Opertiunites is nice

Regular feedback

Teach us practically pls

It would be better if they could attend classes regularly without fail.

Serious,natural

Respect students, speak kindly to the students

No suggestion

It is all good

1.give equal opportunity for every grade students
2.don't favour and prior for high grade students in every thing
3.allow every student's to participate in SIH and hackathons
4.please don't make students to stress out and made them feel like useless

The way they analysing the students

Gave seminar to Students help to overcome the scareness of stage

I feel that good education

Use technology like smart boards and online tools

Good teaching and we are learning practically

To facilitate more job offers.

Super

Teachers are friendly to students in this campus

Teaching is Able To Understand

can teach about how to create a web page on Saturdays and let us to do practically

Give Easier notes

Make teaching a two way of interaction

1.Students should have more opportunities to interact with peers from other colleges to exchange ideas, stay updated with current trends, and gain motivation by learning about diverse perspectives and achievements.

2. Frequent technical competitions and skill-testing sessions should be conducted across all streams to help students enhance their practical knowledge, develop competitive spirit, and stay industry-ready.

3. Along with introducing students to new and emerging fields, institutions should provide hands-on implementation opportunities. This "learn by doing" approach will help students experiment, gain confidence, and make informed decisions about their career paths.

Give time to copy the content on the board

Need extra curricular activities
Industrial visits

To give a time for sports

Weekly small test

Try to visualise the contents

Physical education

Please try to take classes every day .....

Usage of ICT Tools for teaching should be increased

Make it better

To take more examples in classes,to make the class happily, daily give some small tests

Skills

Happy to teach

Good and excellent but we need more discussion

Faculty

Try to understand students mentality

*Need clarity about the course
*Need help from the faculty for project idea and projects for design thinking and workshop lab
*Need to improve the teaching method

They can give more advice abouts to overcome our struggles in presences of thinking in our syllabus to improve of knowledge of information

Good exlent

It's good

Need extracurricular activities, Industry visits,

The way of speaking skill
To improve voice (sound)

Teaching practically

1.Include more IVs and internships .
2.Be consistent if any new activities are implemented.
3.Increse the LAB standards and give importance to the lab experiments.
4.Use the smart board for showing the working animation /explanation of the concept or system.
5.Teach with the intention of teaching rather than training for the exam.

Consider mind fullness activities

Need more of everything mentioned above

Incorporate activities such as group discussions, case studies, role-playing, and peer teaching.

Well and good

Incorporate Active Learning Strategies

Make learning fun

Need improvement to more practice classes

Need clarity about the course
Can make better
Need experimental learning

More activity based classes
Talk with each and every person in a class

To develop our knowledge more

1)INTERACTING WITH EVERY STUDENTS EQUALLY
2)TREAT STUDENTS LIKE PROFFECTIONALS AND NOT LIKE SCHOOL KIDS
3)MAINTAIN THE CLASS IN A HARMONY

Teach the lesson with

1. Use interactive activities like group work to engage students.
2. Incorporate technology like apps and online resources for better learning.
3. Provide regular feedback to help students improve and stay on track.

Teacher always experienced persons

1.Industry Exposure
2.Mental Health and Wellness Support
3.Collaboration with Startups
4.AI-Driven Personalized Learning

Understand easily

To listen more carefully

Be friendly with students !

It was good teaching done by our staffs.. there is no that much very bad comments to say about them .. they are all very good in their own teaching way
