2.1 Program Curriculum (20)

2.1.2. State the delivery details of the content beyond the syllabus for the attainment of POs and PSOs (10)

➤ INITIATIVES TAKEN TO ADDRESS CURRICULAR GAPS

The department has initiated the following measures to bridge the identified curricular gaps.

- **Guest lectures:** Experts from industry and academia are invited to deliver lectures on the latest trends and thrust areas in Computer Science and Engineering.
- **Technical talk:** Students are kept updated about the advances in technologies through technical seminars.
- **Workshops:** The department has introduced a novel initiative for students, wherein they are encouraged to participate in hands-on workshops, thereby enhancing their application skills.
- **Hands-on training:** The department emphasizes on practical training to improve the programming skills.

REPORT

Academic Year: 2024 -2025
Department: CSE
Trainer Name: Mr. Chaal Pritam
Name of the Program: Blockchain Technology Workshop

This workshop focuses on the introduction about blockchain technology, contract creation and deployment of blockchain. However, from this workshop, students can able to gain knowledge about various cryptocurrencies like Bitcoin, Ethereum etc. Totally 30 students of CSE students from Second, Third and Final year were registered and attended the workshop that spanned on 27/07/24, and the results were truly edifying. The course is planned for 2 sessions.

FN SESSION PHOTO IN CSE SEMINAR HALL

AN SESSION PHOTO IN CSE SEMINAR HALL

The training incorporated a mix of methodologies of blockchain creation, smart contract and how to deploy the contracts. Students can be aware of crypto currencies and the importance of blockchain in crypto world.

Each participant greatly benefited from the comprehensive curriculum, gaining invaluable knowledge and skills. This program was a resounding success, leaving a lasting impact on all attendees.
