Nothing

Nothing

No

Add some extra curricular activities

good

Add some extra curriculum activitys

Give spoken english class to students weekly once.

Good nothing is bad

Can include many technology that is in current trend.

I don't know

The current curriculum covers essential concepts and provides a strong foundation in the subject. However, there are some areas where improvements can enhance the overall learning experience and better prepare students for the industry.

so far good

It's very good and friendly curriculum.

The curriculum is well-structured and provides a strong foundation in the core subjects. It effectively balances theoretical concepts with practical applications, helping students develop essential skills for their careers. Adding more industry-relevant certifications, hands-on workshops, and interdisciplinary projects could further enhance learning.

Excellent

Teach the syllabus and give practice by lively

Good to part of their curriculum to studing and improve myself to learn extra activities

Everything is good

No comments

Please provide online students library for accessing notes

The curriculum could benefit from more hands-on projects and industry-oriented case studies. Adding real-world applications, internships, and updated content reflecting current trends in technology would enhance learning outcomes.

GOOD

Want more practical session

Excellent

Extra time needed

.

All facilities are super

Nil

They doing well

It's great

One positive aspect of the curriculum is its comprehensive structure, which effectively balances theoretical knowledge with practical application. This ensures that students not only understand core concepts but also gain valuable hands-on experience that will be applicable in real-world scenarios. Additionally, the curriculum seems well-organized, with clear progression and milestones that help students build upon previous knowledge.

Very good

Adding extra program skills.

No 🗨️ improvement

No suggestion

Perfect

The curriculum provides a strong foundation, but adding more hands-on projects, industry collaborations, and emerging technologies like AI and cloud computing would enhance practical learning. Additionally, integrating soft skills training and career-focused workshops could better prepare students for the industry

Nil

Super

Feedback mechanism

Everything's good

Develop clg atmosphere and Programming skill and teach computer science Languages

Placement

All right 👍

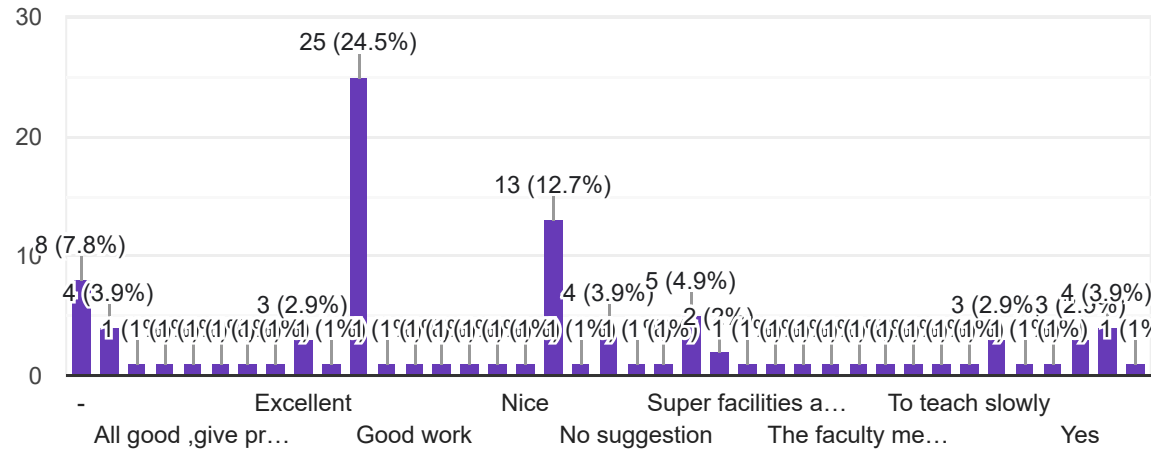

To improve softskills over the student

N/A

The infrastructure is good, with well-maintained labs and libraries. However, upgrading technical resources, improving internet facilities, and creating more collaborative spaces for extracurricular activities would further enhance student development.

Yes

Better maintenance of lab equipment and ensuring high-speed internet in labs would be helpful. Creating dedicated spaces for design and creative work, such as an innovation lab for UI/UX students, would enhance learning opportunities.

It was all good

Install an Access Point(AP) near the lab entrance to enhance Wi-Fi connectivity for 3rd-year students, improving access for online learning.

Need some big ground facilities

Very well

Lift doesn't work properly

Canteen facility poor to develop the snacks and food

Conducting more events

Everything good

No, everything is clear and good

Good nothing is bad

improve the restroom area and fix pipes in the restrooms

Try to understand students mentality

Everything in the college is perfect and good

Bus facility is not available. For bus we should go to dental college ground . Due to heavy summer we can't able to walk

The infrastructure available is complete and well-equipped, ensuring a seamless experience.

The institution provides a well-maintained infrastructure and essential facilities that contribute to a productive learning environment. However, there are areas where further improvements can enhance the overall academic and campus experience.

Give canteen contract to some other person she sales expired food also and rate are too much more and there is no wanted things in canteen

The college provides excellent infrastructure with well-equipped classrooms, laboratories, and a well-maintained library. The availability of high-speed internet and modern computing facilities greatly benefits students. Further improvements, such as expanding study spaces, enhancing recreational areas, and incorporating more industry-standard lab equipment, could further elevate the overall experience.

None

Very good

All the things is ok

Everything is good

It's nice to chill oru studies

Nice

Everything is good

Nil

It's good

NILL

Need to improve

Build a seperate Auditorium

Canteen

Upgrading lab equipment, ensuring high-speed internet, and maintaining classroom ergonomics would contribute to a better learning environment. Providing a well-equipped library with updated books and online resources would be beneficial for students

Nothing it's already good

Improve education

NOTHING

Nothing. They are already good

The bus facility for the college is very low.

Lift not working properly,

We would like to have extra classes and spaces

Improve the play ground

Already well

Need a little big bike parking area

Ac availability will be good and well

To Soonly Build The Auditorium

Yes

Need windows screen

All are perfect

Nil

Improve canteen facilities - food items and snacks not available sometimes no items are available

Need screens for windows and provide more dustbin for the restroom

Please provide curtains for the class rooms

Nothing all good

Bus facilities

Nothing everything ok

Everything is fine

It's perfect

It good

Stationary shop

Good in all fields

Bus facility is not available. For bus we should go to dental college ground. Due to heavy summer we can't able to walk

No development

NIL

No need

It was okay

Keep a few extra water glasses near the drinking water area.

Good and Our head encourage at all to do software projects and give more support as well as academics.

Good infrastructure

NO NEED

In summer, the windows receive direct sunlight, which can increase the indoor temperature and cause discomfort. To reduce heat and maintain a pleasant atmosphere, arrange curtains

or blinds to block excessive sunlight. Using light-colored or thermal curtains can help reflect heat, while sheer curtains can diffuse light without darkening the room completely. Give the Tamil meaning

Very Good Environment Surrounded by the College

Average

Good in all

nil

Update environment

Auditorium

I am writing to express my concern about the increasing prices in the canteen. Many students have noticed that the cost of meals and snacks has risen significantly, making it difficult to afford daily meals. While we understand that prices may fluctuate due to inflation and supply costs, the current rates seem disproportionately high compared to outside vendors offering similar food items at lower prices. This issue is affecting many of us, as the canteen is our primary option for meals during academic hours. We kindly request a review of the pricing structure to ensure affordability while maintaining quality. Additionally, greater transparency regarding price changes and cost justifications would be appreciated. We hope for your prompt attention to this matter and look forward to a reasonable resolution.

All good

Its average

Infrastructure should be improve

Very safety infrastructure

Need to check the 2nd year girls common room tap in 4th floor

N/A

Improve infrastructure

Conduct some events

The infrastructure is good, with well-maintained labs and libraries. However, upgrading technical resources, improving internet facilities, and creating more collaborative spaces for extracurricular activities would further enhance student development.
